Sustainable Suds

Where's the beef at the **Healthy Butcher**? Aside from being ground into hamburger meat and cut into succulent steaks, it's in their **Sustainable Suds** soap bars. Certified organic tallow is rendered and purified before being shipped to all-natural soapster **Sultry Suds** (www.sultrysuds.ca). The lemon/rosemary, tea tree/shear butter, lavender/oatmeal and neutral-scented Man bars that come back are a sustainable and surprisingly grease-free fix for your daily face and body cleanse. \$5.59/bar, 565 Queen West, 416-674-2642, www.thehealthybutcher.com.
